We transform uncertainty into opportunity

Augustas S.p.A. Risk Services is an **Italian consulting company** specialized in **integrated risk management for companies**. It operates with a strategic, innovative and tailor-made approach, with the aim of helping organizations identify, analyze, manage and mitigate the risks associated with their activities, transforming uncertainty into valuable opportunities.

Our specialization is precisely this:
embracing the good side of risk.

We do this by supporting companies with customized solutions designed to minimize exposure while, at the same time, enhancing the opportunities that change brings.

The solidity of Gruppo Gavio, the vision of Augustas

Augustas is part of Gruppo Gavio, one of Italy's leading industrial groups, operating in strategic sectors such as infrastructure, transportation, logistics and technology. Thanks to this affiliation, we can rely on a multidisciplinary network of expertise, a global approach and high standards of efficiency.

With 18.000 professionals and €7 billion in revenue, the Group guarantees solidity and innovation, enabling us to offer integrated and tailor-made risk management solutions that support companies in facing market challenges.

18.000
professionals

7 billion

where we operate

We see opportunities where others see risks

VISION

We believe that risk is not something to be feared, but a lever for growth. Our vision is to transform uncertainty into concrete opportunities, providing companies with innovative, tailor-made and high-value-added tools that help them achieve their goals with confidence and solidity.

We transform uncertainty into a path of growth

MISSION

We support your growth by working alongside you with an integrated and personalized approach to risk management. We analyse every aspect of your organization and use all available tools to guarantee maximum protection while minimizing overall costs. Because when risk is managed with method, it becomes your ally.

Integrated Risk Management System

Insurance alone is no longer sufficient to manage risk effectively. Today, companies need an integrated Risk Management system, capable not only of protection, but also of supporting development and growth, going beyond the purely defensive insurance-driven logic.

What we offer:

360° Risk Management

Training

Risk Chain

Synergies

Our method

We address every type of risk

We manage strategic, regulatory and compliance, financial, operational, environmental, health and safety, and supply chain risks.

We train and support organizations

We design customized training courses, including one-to-one formats, for companies, insurers, brokers and academic institutions, covering all Risk and Insurance Management topics.

We manage the entire risk chain

From assessment to response. We offer solutions for every need: Enterprise Risk Management, Operational Risk Management, Project Risk Management, Risk Engineering and Alternative Risk Transfer.

We create value through synergies

We enhance our services through strategic partnerships and the use of innovative IT platforms, all designed to support our clients.

Team

Our team, the true knowledge asset of Augustas Risk Services, is composed of professionals with experience and know-how across multiple disciplines, ranging from finance to structural engineering. We all share an authentic passion for Risk Management and a common vocation for solving complex problems.

We work in an environment of mutual trust and respect, to create a working climate of cooperation and teamwork. Each of us is deeply committed to creating value by working alongside our clients to give them a competitive advantage and improved performance.

Organizational Structure

Maurizio Castelli

Chief Executive Officer of Augustas Risk Services S.p.A., he served as Risk Manager for major multinational groups for 16 years and held senior executive roles in international insurance companies for 10 years. 2 years in brokerage and 7 years of consulting complete his profile.

He has served as Secretary General and President of the Federation of European Risk Management Associations (FERMA), and as Vice-President, President and Chairman of the International Federation of Risk and Insurance Management Associations (IFRIMA). He is currently President of the Technical and Scientific Committee of ANRA, the Italian National Association of Risk and Insurance Managers.

A single trusted partner for integrated risk management

Thanks to extensive years of experience and strong synergies among the Group's companies operating across the risk and insurance management value chain, we provide 360° consulting and services.

This is **Gavio Global Risk Solutions**, the natural evolution of our history and expertise. By combining our excellence in risk consulting with the experience of PCA, a leading insurance broker specialized in corporate and mid-corporate segments, we have developed a model designed to support companies at every stage of their risk management journey.

A global network for borderless risk management

Thanks to our membership in the global Brokerslink network, we can provide our clients with timely and authoritative support wherever they operate, while always maintaining a personalized, tailor-made approach.

Brokerslink brings together 18,000 professionals and intermediates over €20 billion in premiums annually, combining the scale and services of a global organization with the local knowledge and relationships that only independent brokers can provide.
